SUMMARY

Web Developer / Full-Stack Developer with experience in HTML, CSS, JavaScript, React.js, Next.js, Remix.js, and Tailwind CSS. Skilled in backend development using Node.js and MongoDB, including REST API integration and database management. Experienced in building responsive, scalable, and performance-optimized web applications. Strong understanding of modern web development practices, UI/UX implementation, and problem-solving. Passionate about delivering high-quality solutions that support business goals.

SKILLS

- Programming Languages: Java (Core), JavaScript (ES6+)
 - Frontend Development: HTML5, CSS3, React.js, Next.js, Remix.js, Angular, Tailwind CSS, Bootstrap, Context API, GSAP (Animations)
 - Backend & APIs: Spring Boot, RESTful APIs, Fetch API
 - Database Management: MySQL, SQL, MongoDB
 - Version Control & Collaboration: Git, GitHub, Jira
 - UI/UX & Design Tools: Responsive Web Design, Figma (Basic), Canva
 - Development & Testing Tools: VS Code, npm, Maven, Postman, Playwright (Beginner – TypeScript), Render (Deployment)
 - Additional Skills: Object-Oriented Programming (OOP), Problem Solving, Debugging, Microsoft Office (Word, Excel, PowerPoint)
 - Cloud & DevOps: AWS Essentials, Render (Deployment), DevOps (Basic)
-

EXPERIENCE

Web Developer

Nova Techsciences | Nov 2025- Present

- Developed and maintained responsive, high-performance web applications using React.js, Next.js, HTML5, CSS3, and Tailwind CSS.
- Built and integrated backend services and REST APIs using Node.js and MongoDB for dynamic data handling and scalable architecture.
- Optimized website performance through code splitting, reusable components, and API optimization.
- Worked with the team on application deployment and maintenance, using GitHub for version control and collaboration.

System Trainee – Software Development

Mahity Systems | May 2025 – Aug 2025

- Contributed to the development of a real-world healthcare web application.
 - Built responsive and interactive frontend modules using Remix.js, Next.js, React.js, Tailwind CSS, and GSAP animations.
 - Implemented dynamic routing and UI components, ensuring seamless navigation and improved user experience.
 - Assisted in automation testing using Playwright with TypeScript, validating functionality and cross-browser compatibility.
 - Worked with the team on application deployment and maintenance, using GitHub for version control and collaboration.
-

PROJECT

Biopeptide | Pharmaceutical e-commerce website | Next.js, React.js,

MongoDB, HTML5, CSS3, Tailwind CSS | [LINK](#)

- Developed a full-stack pharmaceutical e-commerce website using Next.js with server-side rendering for improved performance and SEO.
- Implemented product listing, detailed product pages, and category-based filtering for peptides and pharmaceutical products.
- Designed a responsive and user-friendly UI using Tailwind CSS, ensuring compatibility across devices and browsers.
- Integrated MongoDB for efficient product, user, and order data management.
- Built RESTful APIs to handle product data retrieval, user interactions, and dynamic content updates.
- Implemented secure form handling and input validation for user inquiries and orders.
- Optimized application performance through component reusability and optimized API calls.

Ivexia | Pharmaceutical e-commerce website | React.js,

HTML5, CSS3, Tailwind CSS | [LINK](#)

- Developed a responsive pharmaceutical e-commerce website using React.js with reusable and modular components.
- Built product listing and product detail pages with structured layouts for medical and pharmaceutical items.
- Implemented Tailwind CSS to create a modern, mobile-first, and consistent UI design.
- Ensured cross-browser compatibility and adherence to web accessibility and responsiveness standards.
- Optimized frontend performance through efficient component structure and state management.
- Integrated frontend components with API endpoints to dynamically display product data.
- Collaborated with designers to convert UI/UX designs into functional web interfaces.
- Performed debugging and UI enhancements to improve overall user experience.

COURSE

Master in Full-Stack Java Development

Sep 2024 - Sep 2025

IT Vedant Education Pvt. Ltd.

Coursework: HTML, CSS, SQL, Core Java, JavaScript, React.js, Spring Boot

EDUCATION

Master's of Science	CGPA - 6.33
University of Amravati	2024
Bachelor's of Science	CGPA - 7.13
University of Amravati	2021
HSC (12th)	54.77
Maharashtra State Board	2018
SSC (10th)	79.80
Maharashtra State Board	2016

CERTIFICATIONS

- Java Fundamentals Certification from IT Vedant, Mumbai | **IBM** | Sep 2024 SQL and.
- Relational Database 101 Certification from IT Vedant, Mumbai | **IBM** | Mar 2025 Web.
- Development Using HTML Certification from IT Vedant, Mumbai | **IBM** | Mar 2025 GCC-TBC Typing Certification – Marathi (30 WPM), English (30 & 40 WPM) MS-CIT Certification (Government Certified IT Literacy Course).
